

Translating the Capstone Curriculum

The Capstone Curriculum is a 16-module training program, taught at a seminary level, which we specifically designed to serve as the most essential knowledge and skill learning necessary for effective urban ministry and church leadership.

Resourcing the Great Commission

An Opportunity for Exponential Growth . . .

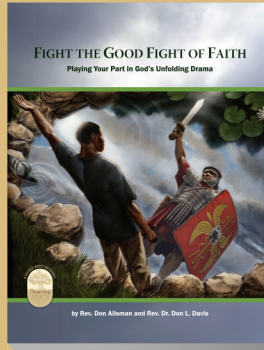

Background

In 1995, The Urban Ministry Institute began with a handful of committed missionaries with minimal resources and a vision to equip leaders and empower church-plant movements to advance the Kingdom of God. Through God's blessing and grace, TUMI has grown to have worldwide impact (2450 students, 213 sites, 15 countries, 2 languages).

To meet the ever-growing global demand for affordable, accessible, and culturally relevant resources for the church, TUMI has been charged with a vision to re-tool for greater capacity (10,000 students, 820 sites, 40 countries, 12 languages by 2021), and needs funding to make that vision a reality.
